

# Wall Sconces Brochure

Focus Industries, Inc. presents a distinguished collection of sconces meticulously crafted from premium aluminum, brass, and copper materials. Our sconces boast an exquisite fusion of form and function, elevating your lighting projects with a touch of sophistication.

# About Focus Sconces

Focus Industries specializes in crafting bespoke illuminated sconces, available in both plasma cut and vinyl printed variations. These sconces serve as the ideal enhancement for your distinctive lighting projects. Our capabilities extend to replicating corporate logos, trademarks, and a diverse array of aesthetically pleasing designs.

Our plasma cut models leverage cutting-edge technology, employing a state-of-the-art plasma cutter to intricately etch your design directly into the base material.

Complementing this precision, we offer customization options, allowing you to choose your preferred LED light source and color finish, resulting in a one-of-a-kind, tailor-made product.

For our vinyl models, we utilize an eight-color printer to achieve the utmost accuracy in color matching. The prints are executed on robust 8mm vinyl, specially designed to resist fading and adverse weather conditions. To further fortify the prints, a protective lamination layer is added. Our commitment to quality is underscored by a fade resistance guarantee of up to 5 years for all vinyl prints.

# Custom Plasma Sconce Samples

Whether you prefer the sleek modernity of aluminum, the timeless elegance of brass, or the rustic charm of copper, our sconces not only exemplify exceptional craftsmanship but also offer durability and longevity. Explore the possibilities of personalized illumination with Focus Industries, where every sconce is a testament to our commitment to quality and design excellence.

New  
**Cube  
Sconces**

Introducing Focus Industries, Inc.'s innovative Cube Sconces, a cutting-edge lighting solution that seamlessly marries form and function. Our new Cube Sconces feature a custom front plate, providing a canvas for unique design options through precision plasma cutting. This customization allows for an unparalleled level of personalization, ensuring that each sconce aligns

seamlessly with the design aesthetics of any environment. Whether you seek a contemporary, minimalist look or a more intricate and ornate design, our Cube Sconces deliver both versatility and sophistication. Elevate your space with these thoughtfully designed lighting fixtures that embody Focus Industries' commitment to pushing the boundaries of lighting design.

# Custom Vinyl Sconce Samples

Discover the epitome of personalized illumination with Focus Industries, Inc.'s custom vinyl printed sconces. Tailored to meet the unique design preferences of your business or home, these sconces offer a canvas for creativity. Our advanced eight-color printing technology ensures the most accurate color matching, allowing you to bring your vision to life with precision. Crafted on heavy-duty 8mm fade and weather-resistant vinyl, each sconce is a durable masterpiece, further fortified by a protective laminate layer. Whether you desire to showcase corporate logos, trademarks, or intricate designs, our custom vinyl printed sconces effortlessly integrate artistic flair into your space, reflecting Focus Industries' commitment to both functionality and aesthetic excellence.
