# Flag Pole

## FAPM Flag Pole Lighting System

---

Focus Industries' Flag Pole Lighting system offers versatile solutions for both 12-volt and 120-volt applications, ensuring compatibility with diverse installation needs. Designed to work seamlessly with any Focus PAR, MR16, or LED Module bullets, this system provides reliable and efficient illumination for flagpoles, enhancing visibility and showcasing flags with brilliance. Ideal for residential, commercial, or institutional settings, Focus Industries' Flag Pole Lighting system ensures your flag is always proudly and clearly displayed.

## ILLUMINATE PROUDLY

Focus Industries' 12-Volt flag pole lighting system, available in both sturdy aluminum or elegant brass, offers a sophisticated solution for illuminating flags. Designed for versatility and performance, this system provides powerful and efficient lighting to ensure your flag is always highlighted with brilliance. Fixtures, drivers, and transformers are sold separately, allowing for customizable setups to meet specific requirements. Ideal for residential, commercial, and institutional applications, Focus Industries' flag pole lighting system combines reliability with aesthetic appeal, enhancing the visibility and prominence of your flag.
