

THE QUICK SHIP CATALOG

Contact your local Representative, Distributor, or Factory for Pricing or More Information

WE ARE FOCUS INDUSTRIES

Welcome to the Focus family

Focus Industries, Inc.'s Quick Ship Catalog boasts a curated selection of in-stock products designed to meet diverse lighting needs efficiently. From sleek path lights to versatile spotlights, the catalog showcases a range of high-quality outdoor lighting solutions ready to enhance any space. Each item combines innovative design with durable construction, ensuring longevity and performance. With a commitment to customer satisfaction, Focus Industries expedites the ordering process, allowing clients to effortlessly access top-notch lighting solutions without sacrificing quality or style.

Stay connected with us

We love seeing how you have incorporated Focus products into the interior or exterior spaces of your project, home or business. Just like you, we love showing it off, and we would love to share your inspirational photos.

Follow us on Facebook, Instagram, and Youtube for great helpful tips, new product releases, clearance items and all the latest happenings with Focus Industries.

The SL11

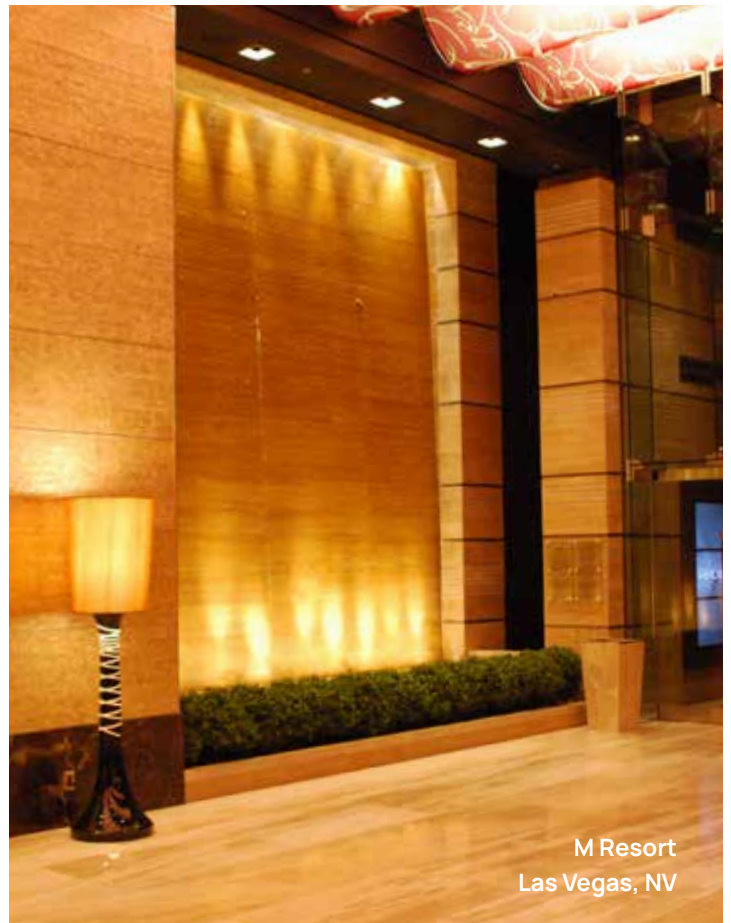

With LED Module

Illuminate your aquatic sanctuary with the Focus Industries, Inc. SL11 brass underwater fixture, now offering customizable configurations to suit your lighting needs. Choose from options including an aiming bracket, angle cap, or both, providing versatility in directing light precisely where it's needed. With compatibility for integrated LED modules ranging from 7 to 20 watts, or the option to supply your own LED, this fixture ensures optimal brightness and efficiency for your underwater landscapes. Crafted with enduring quality and innovation, the SL11 brass fixture promises to elevate the ambiance of your underwater realm while offering reliability and adaptability.

The SL33

With MR16 LED

Illuminate your aquatic oasis with precision and style using the Focus Industries, Inc. SL33 brass underwater fixture, now available with versatile configurations to suit your needs. Choose from options including an aiming bracket, angle cap, or both, allowing for customizable lighting angles. With compatibility for 3, 5, or 7-watt MR16 LED lamps, or the option to supply your own LED, this fixture ensures optimal lighting performance for your underwater landscapes. Crafted with durability and innovation in mind, the SL33 brass fixture promises to enhance the beauty of your aquatic environment while offering flexibility and reliability.
