PL30 Path Lights

Precision Flood Lighting for Pathways That Impress

The PL30 Path Light delivers precise, controlled illumination designed to enhance walkways, entry paths, and landscaped environments. Its compact, architectural form provides focused flood lighting that improves visibility and safety without glare. Crafted for durability and performance, the PL30 blends seamlessly into modern and commercial landscapes, offering reliable illumination with a refined, understated presence.

LED TECHNOLOGY

DIRECTIONAL PATH LIGHT

LIGHT YOUR WAY WITH PRECISION

The Focus Industries Directional Flood Path Light delivers powerful, targeted illumination for wide pathways and landscaped edges. Built with a durable 2.25-inch square post and the small but powerful DL15SM small directional flood light, it combines modern design with bright, warm white light for enhanced safety and ambiance. The angled head directs light exactly where it's needed, making it a perfect choice for residential and commercial spaces.

DIRECTIONAL PATH LIGHT

ILLUMINATE YOUR PATH WITH STYLE

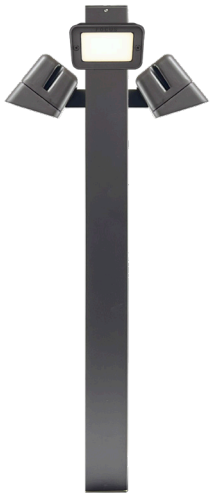

Engineered for bold illumination and modern aesthetics, this larger directional flood path light features a sturdy 4” square post paired with the versatile DL15 directional flood light. Designed for both 12V and 120V applications, it delivers powerful, warm-white lighting to pathways, gardens, and architectural features. Built to withstand the elements, it offers unmatched durability, precision aiming, and a sleek, professional look for residential or commercial landscapes.
