## AL18SM - Natural Gas / Propane

Bring the warmth and spirit of the islands to your outdoor space with the new Mini Torch from Focus Industries. Designed with a 36.00" or custom length simulated bamboo stem and topped with a hand-crafted copper conical hat measuring 4.50" tall x 4.00" diameter, this compact flame feature creates an inviting, flickering glow that instantly elevates the atmosphere. Compatible with natural gas or propane, the Mini Torch is perfect for restaurant patios, Hawaiian canoes, booze cruises, balconies, and residential or commercial backyards, offering a striking blend of island-inspired character and refined outdoor design.
