# Light Beacon

AL27 Area Light • PL28 Path Light

---

Focus Industries' light beacons are versatile outdoor fixtures designed for use as area lights or path lights. The area light model features four windows, while the path light version comes with three windows, offering stylish and functional illumination. These beacons are available in durable aluminum or brass finishes, providing both aesthetic appeal and weather-resistant performance. Perfect for enhancing outdoor spaces, they deliver a warm, inviting glow while ensuring safety along pathways or open areas.

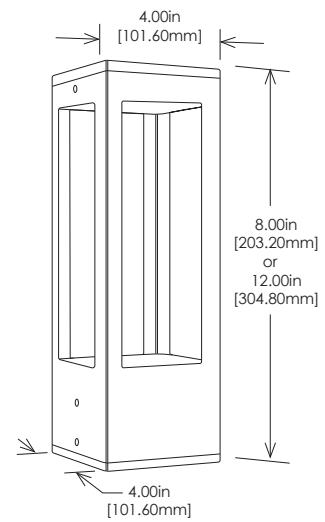

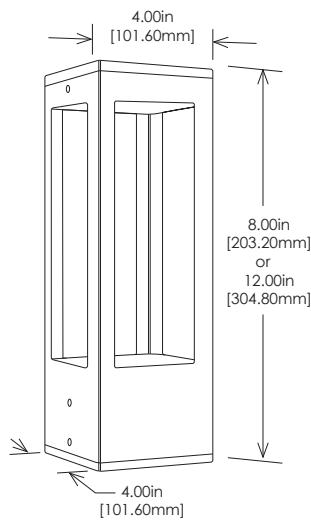

# AREA LIGHT BEACONS

## ILLUMINATE WITH FORM & FUNCTION

Focus Industries has introduced their new Light Beacons, available in durable aluminum or brass finishes. These beacons utilize energy-efficient LED modules, ensuring long-lasting and vibrant illumination. Designed to accommodate a range of electrical setups, they are available in both 12-volt and 120 to 277-volt options, making them versatile for various applications. These stylish and robust light beacons are ideal for enhancing both residential and commercial outdoor spaces.

# PATH LIGHT BEACONS

## ILLUMINATE WITH FORM & FUNCTION

Focus Industries has unveiled their new Light Beacons path lights, crafted with precision in either aluminum or brass finishes. These path lights feature advanced LED modules, delivering efficient and reliable illumination. They are designed for versatile installation, available in both 12-volt and 120 to 277-volt configurations, making them suitable for a wide range of outdoor environments. Combining durability with elegant design, these path lights are perfect for enhancing the ambiance and safety of residential and commercial pathways.
