Flat Top LED Beacon

NEW!

Introducing the latest Focus Industries LED beacon: the Flat Top Light Beacon with an extended flat cap. This robust 4" x 4" vertical rectangular area light is ideal for pathways, walkways, or open spaces, casting a clear, tempered glass-covered illumination powered by a choice of 7-watt or 11-watt LED modules. Available in durable aluminum or brass, it offers a variety of finishes, including acid treatments for brass, to suit any landscape aesthetic. Combining efficiency with elegant design, it's a reliable and stylish choice for contemporary outdoor lighting needs.
