## PATH LIGHT

The Focus Industries PL29 path light delivers bold, modern illumination with exceptional performance. Standing approximately 22" tall, it features a sleek 1" x 1" extruded stem and a minimalist 4" x 4" x 1.50" hat for broad, even light distribution. Available in durable aluminum or brass construction, the PL29 utilizes a powerful 7W LED module producing 560 lumens at a warm 2800K. Ideal for pathways and expansive landscape areas, this fixture provides outstanding coverage while maintaining a refined architectural presence.

## PL29 LEDM7 - Integrated LED

The Focus Industries PL29 path light combines clean geometry with high-performance illumination for modern outdoor environments. Its tall, slender profile is anchored by a precision-formed 1" x 1" stem and a sharp 4" square hat that delivers wide, controlled light distribution below. Crafted in aluminum or brass for long-term durability, the PL29 is powered by a 7W LED module emitting 560 lumens at a warm 2800K, creating comfortable, inviting pathways and well-defined outdoor spaces. Designed to perform in both residential and commercial landscapes, the PL29 offers striking visual presence with dependable, expansive coverage.
